Re: Gorno Music/Mechanical Royalties - "Hitting The Ground"

Dear Peter:

As you may be aware, I represent Gordon Gano and his publishing company, Gorno Music, and perform publishing administration services for Gorno Music. My records reflect that I have not received mechanical royalty statements for the compositions contained on the "Hitting The Ground" album for the second half of 2003 or the first half of 2004. Please make arrangements to forward those statements as soon as possible.

Thank you.

Very truly yours,

Alan N. Skiena
